The following test is a self assessment of the skills and knowledge you have so that we can find the most suitable place for you within our community based on your abilities.

This is not a pass or fail type of test, it is an opportunity for you to tell us what you are good at so that we can find you a role and position where you are most comfortable.

Read the topic and rate yourself how much you know or have experience with the topic from 1 – no knowledge or experience to 5 Expert knowledge.

### Scoring

Add the numbers circled for each section. A high score in any section shows an aptitude for that subject. However, although a person may score high in one section, they may also have valuable skills in other areas. Any answers of 4 or 5 should be noted under Top Skills at the end of this test.
